20's Plenty for Us

... making Weldon a better place to be

Weldon Parish Council (WPC)

We receive a lot of communication that our residential areas are spoilt by high volumes of fast moving and noisy traffic. Many would like a change from free-flowing thoroughfares to calm and safe residential streets.

WPC are proactively working on this issue and have started by adopting "20's Plenty" policy for all Weldon's residential areas. We have purchased "20's Plenty" wheelie bin stickers which are available to all Weldon residents.

WPC are already working with the Highways Authority, and you will see 20mph advisory speed signs in Weldon Village.

This is your chance to give careful and considerate drivers a reason to drive slowly and quietly where we live and let the Highways Authority see clearly that residents want formal 20mph zones implemented promptly. We are working on more permanent signs, but all residents can display a sticker on their wheelie bin which will be very visual on bin day on the main through roads of all parts of Weldon.

The International Campaign

20's Plenty for Us is 'not for profit' with 500 local groups campaigning to make cities, towns and villages around the world better places to be. They campaign for a speed limit of 20mph to be normal on residential streets and in town and village centres (unless full consideration of the needs of vulnerable road users allows a higher limit on particular streets).

They believe that communities can decide that "20's Plenty Where People Live".

Most of the UK's larger cities have adopted 20mph for their residential streets. Wales is about to implement a 20mph national default for residential roads. The General Assembly of the United Nations endorses 20mph or 30km/h speed limits where people mix with motor vehicles, unless strong evidence exists that higher speeds are safe.

20's Plenty of Us is led by Rod King MBE (Founder & Campaign Director), please follow this link to learn more... <https://www.20splenty.org/>

20's Plenty

Where people are

20's Plenty for Us campaigns for 20mph as the default speed limit for urban and village streets where people live, work, shop, play and learn.
