

North Northamptonshire Council has published the Draft Statement of Community Involvement (SCI) for consultation. This document sets out how the Council will involve individuals and organisations in the planning process, including who, when and how the Council will consult on planning policy documents and planning applications. As a local planning authority, the Council is required to have an adopted SCI in place, and although this is not a required stage of consultation, the Council would like to gain feedback from all interested parties prior to adopting the SCI for North Northamptonshire.

The draft SCI is available to view on the Council's [consultation hub](#). Hard copies of the document are also available to view in the main Council offices and Northamptonshire libraries listed below. For full details of library opening times visit [Library Plus – Countywide services](#).
